

# SCS ED Physician Group FAX numbers

*Below is the official fax number list for all the ER physicians in SCS. The ER physicians will receive and review any faxes you send to these numbers in a timely fashion. It is each physician's responsibility to respond as needed. Kindly use this method to deliver any documents or communication that arrives to the department for any member of the physicians below. If private envelopes arrive, please forward through internal mail to each physician's mailbox in the lounge. In emergency cases, of course, continue to use cell/home phone numbers to contact the physician as per the usual manner.*
