Acute Internal Medicine (AIM) Clinic

PATIENT INFORMATION SHEET

Your appointment is on:

DATE _____ **TIME** _____

The Emergency Department has referred you to the Acute Internal Medicine (AIM) clinic where you will be seen by an Internal Medicine Specialist (specialist in medical diseases of adults). If you do not hear from the scheduling office please call 905-378-4647 extension 45730.

The AIM Clinic is situated at the 4th floor of the St. Catharines Site on 1200 Fourth Avenue. Take the front elevators to the 4th floor. When you arrive for your appointment you will register at the Admitting/Registration area (on the 4th floor). Please bring all of your medications.

If before your appointment you think you are getting worse, please return to the Emergency Department for reassessment. Make sure you have discussed this and any other questions you have with the ER doctor or Nurse before you leave the ED.

After the consultation in the clinic, the Internal Medicine Specialist may want to schedule you to have other testing, for example, blood work or imaging. If other testing is required, you will be notified by the scheduling office.

Your family doctor is the best way to access medical care and acts as the central person in your overall healthcare. If you do not have a family doctor, we strongly advise you to get one. You can find help at www.niagaradocs.ca or by calling Healthcare Connect Ontario at 1-800-445-1822. The city of St Catharines provides similar information on their website www.stcatharines.ca or by calling 905.359.6043.

Thank You

PLEASE GIVE TO THE PATIENT BEFORE DISCHARGE FROM ED
