

### Emergency Delivery

- Document birth on **OBS Summary sheet on paper**.
- **Consult OB** and have them place the **PAO for admission on mom**. This needs to be a communication between provider as to who is placing the PAO.
- Once baby is born call W&B to have the Newborn registration complete.
- Confirm PAO for admission on Birth parent is completed
- OB registration clerk to navigate to **Conversation Launcher** initiate **Newborn Quick Admit** conversation and then **Search** birth parent this will link birth parent and baby
- In collaboration with ED fill out mandatory fields associated to NB Quick Admit
- **IMPORTANT NOTE:** LOCATION OF THE NEWBORN MUST BE ASSOCIATED WITH LOCATION OF BIRTH PARENT AND NEWBORN MUST BE PLACED IN AN ED HOLD BED
  - e.g. Under INPATIENT/AMBULATORY UNIT select  
WSEDHOLD/NFEDHOLD/SCEDHOLD select BED AVAILABILITY and click  
CORRESPONDING HOLD BED if birth parent delivered at another site
- ED nurse will need to search the FIN for the baby and will then have to look at the **Recent Search drop down** beside the search box to document on baby.
- Go to the **Documents** tab to adHoc print the baby arm band. Select Wristband w/Visit ID and then select the printer icon on the top left.
- Baby documentation after birth to be done in the **Pediatric Systems Assessment**.
- Arrange for transportation.
- Transfer to be completed in **Capacity Management** by W&B.
- Upon arrival to Women and Babies clerk to select **Documents** in the gray banner bar to reprint the Parent armbands
